Supplemental Medical History Form Questions:

Do you have a congenital heart defect that has not been repaired? No Yes _____

Have you had a heart valve replacement of any type? No Yes _____

Have you ever had infective endocarditis? No Yes _____

Has an orthopedic surgeon told you that you need antibiotics before dental treatment because you have had a joint replacement, pins, or other joint repair? No Yes_____

So that we may provide the best care possible, are there any special needs conditions that have not already been listed, including Autism, Cognitive Impairment, chromosomal conditions or syndromes?

No Yes _____

If you are in a wheelchair, can you easily move to our dental chair for treatment? No Yes N/A
We are able to accommodate you in your wheelchair in specially designed rooms in our sedation center.

Office Protocol Regarding Dental Treatment of Children

We treat patients of all ages, and recommend an introductory visit beginning at about age 6 months, when the first primary teeth appear. We want to get your child off to a healthy start!

Our office follows the recommendations and protocols of the American Dental Association and the American Academy of Pediatric Dentistry. While we always have an assistant in the room who also serves as a chaperone, we do not have parents in the treatment room during actual treatment. Dental treatment involves instruments and equipment that is sharp and/or spinning at 400,000 rpms. Even well-intentioned parents inadvertently cause distraction at critical moments, which can result in injury. An exception is the introductory and cleaning appointments under age 3, where the child will sit on your lap. We will take excellent care of your child.

We will involve you in the treatment-planning process, we encourage questions, and we will keep you informed of any issues that arise during treatment. In some cases, based on anxiety and cooperation levels, extent of treatment needed, or medical conditions, we might recommend treatment under some form of sedation. All of our decisions are made with your child's dental and overall health in mind.

I have answered questions to the best of my knowledge, and understand and agree to the office policies that have been communicated to me.

Financial Arrangements and Dental Insurance

We are committed to providing you with the best possible care. If you have dental insurance, we want to help you receive the maximum benefits under the policy. In order to achieve these goals, we need your assistance, and your understanding of our payment policy.

Payment is due when services are rendered unless other arrangements are made. We accept cash, checks, MasterCard/Visa, American Express, and Discover Card. There will be a $35.00 charge for each returned check. Treatment involving laboratory work, such as dentures and crowns, requires half the fee when we start and the balance at delivery. A minimum charge of $40.00 will be made for broken appointments cancelled without 48 hours notice. If you indicate that someone else is responsible for the cost of your treatment, please remember that ultimately you are responsible for any unpaid balance.

In most cases we will accept assignment of insurance benefits. Dental benefit plans vary in the amount of coverage they provide, with some covering a high percentage and a wide range of treatment, while others cover lower percentages and fewer procedures. Keep in mind that many pay according to a fee schedule, which might have no relationship to the fees in this area. Remember that the insurance contract is between you (or your employer) and the insurance company; we are not a party to that contract and the responsibility is between you and our office. When we accept assignment of benefits, we are not agreeing to a reduced fee, we are simply allowing that portion of the fee your insurance covers to be paid directly to us by your insurance company. We will estimate your share, including any deductible, based on our experience with your policy, and this amount is due at the time of service. If we do not receive the insurance payment within 60 days, the full balance will be due and payable by you. Any balance over 60 days will incur financial charges at a rate of 1.5% per month with a minimum finance charge of $1.00.

The type of treatment we recommend is based on our professional judgment, not on what your dental benefits cover. We do not believe that it is in your best interest to compromise your treatment in order to accommodate your insurance benefits, which might be less than optimal. Dental benefits are not designed to delineate your treatment needs, but rather to assist you in the cost of treatment. We understand that insurance coverage might play a part in your treatment decisions, but we will recommend what is best for you regardless of insurance coverage. We are happy to discuss the treatment plan with you, thus involving you, rather than your insurance company, in the decision. For patients wishing to make extended payments, we offer a third – party financial option. Care Credit financing may allow low monthly payments for qualified applicants. Alternatively, we will in some cases agree to bill your credit card a set monthly amount. We cannot, however, offer credit to persons unable or unwilling to meet the above options. When granting any credit, we may, at your option, run a credit report in accordance with applicable laws.

I have read and agree to the above payment policy.

Responsible Party_____Date_____

I hereby authorize insurance payment directly to Bear-Glasgow Dental for dental work in their office.
